

**Following is a bulletin insert for Sunday, June 14.**

- It is meant to be duplicated front and back, then folded in half.
- The color emblem duplicates well in black and white.
- Consider enlarging this for those with vision concerns.
- You may additionally choose to run this in your church newsletter.

**Editor's note:**

**Please consider having someone read the last page section (from Tim Cywinski) to your congregation at the Sunday service. It is filled with a sense of hope and resolve for the world, and not to be overlooked by anyone.**
