### ***Fifth Sunday after Epiphany***

*Objects: pictures of a flashlight, candles, stars, sun, moon, mirror*

Good morning friends! Can you identify these objects? (show each picture) We have a flashlight, some candles, the stars, the sun, the moon and this mirror. What in the world do all of these things have in common? (allow for answers) Yes! Those are all great answers. They reflect off of something and bring us light so that we can see...even this mirror. If I direct it at the sun, the light bounces off of it, right?

In our gospel lesson from Matthew, we hear some very familiar words "let your light shine before others, so that they may see your good works and give glory to your Father in heaven." Do you have any idea where you may have heard those words before? Here's a hint...you may have been a tiny baby. When have you seen and heard words spoken over a baby at church? Yes! At baptisms! When you were baptized, you were given a candle and your Pastor spoke these words to you....let your light shine. In the waters of baptism, you were given the gift of faith by the Holy Spirit and every time we come to church, gather in community, hear the words of Jesus and take communion, our faith grows. This allows the light of Christ to shine within us so that others can see Jesus' love. Take a look at this mirror again and hold it up to your face...do you see how bright your light is? That's the love of Jesus shining in you!

Loving God, bright is the light that shines in my heart, all because of your son Jesus. Help me to show others that love so that they can know Jesus too. Amen.
